"Linda joins us as an accomplished individual with significant financial experience in the life sciences industry, and a proven track record of overseeing finance and accounting and building value at emerging biotech companies. Linda will be an asset to Acasti as we execute our drug development and commercialization strategy for CaPre® with financial discipline and compliance."

Ms. O'Keefe has worked with both public and private biotechnology, diagnostics, medical devices and healthcare services firms, and also in other private equity-financed markets, including business services, education and technology. At Gryphon Investors, she led fundraising, limited partner relations, risk management and advised portfolio company management teams on growth, financing and back office strategies. In addition, Ms. O'Keefe provided M&A and integration support, established and led audit committees, and supported the expansion of teams and systems to meet the needs of growing companies. Ms. O'Keefe also served as chief financial officer of Delphi Ventures, a healthcare-focused venture capital firm, and Elevate Ventures; as vice president of finance at Genelabs Technologies and Target Therapeutics; and as controller at Collagen Corporation.
